Letter of Endorsement and Appreciation

Dear Team EDUCLO,

On behalf of **Viswa Samakhya Society**, we extend our sincere appreciation and gratitude to **EDUCLO** for enabling and powering our **Unified Digital Platform** that is transforming the way our Society delivers skilling, training, and educational initiatives across our ecosystem.

Through EDUCLO's **Digital Teaching and Learning Environment, Digital Communication Ecosystem, and Enterprise Resource Planning suite**, the Society has successfully unified its institutions, trainers, learners, and community partners under one digital roof. This has empowered us to implement our mission-driven initiatives, including **“Prerana 3000”** to reach out to 3000 beneficiaries with greater efficiency, transparency, and real-time governance. The implementation of the EDUCLO platform has enabled Viswa Samakhya Society to:

- Achieve measurable progress in its **skilling and community development targets**.
- Ensure **real-time monitoring** and **data-driven governance** for impactful decision-making.
- Strengthen **quality assurance** and **learner engagement** through integrated digital processes.
- Build a scalable model that aligns with the **National Education Policy (NEP 2020)** and supports **India's skilling and gross enrolment goals**.

Plot No.16, MP & MLA Colony, Road No. 10C, Jubilee Hills, Hyderabad - 500033.

We are proud to recognize **EDUCLO's platform enablement** as a **benchmark digital transformation case study** for **Skilling Departments, Higher Education Institutions, and Learning Organizations**. This collaboration demonstrates how technology-led governance and a unified ecosystem can accelerate skilling outcomes, enhance institutional performance, and promote inclusive education.

We wholeheartedly **endorse EDUCLO's Unified Digital Platform** and recommend it as a **model solution for large-scale education and skilling transformation** across India and beyond. We thank the EDUCLO team for their continued support, innovation, and partnership in our shared mission to empower learning and livelihood through digital transformation.

With appreciation and best wishes,

Warm regards,

T. N. W. Rao 15/11
